GUIDE TO MY-UMBRELLA

WELCOME TO MY-UMBRELLA

As a contractor you enjoy the benefits of working when and where you want to, we believe that you should also be able to take control of how you get paid.

Why should you use an Umbrella service?

As a temporary site based worker there are certain rewards the government legislation allows you to enjoy, such as some tax advantages not offered to employees who work permanently at one site. This means you are entitled to off-set a range of scale rate payments against income tax. To be able to do this, you must be paid directly by an Umbrella company rather than being paid directly by your recruitment agency.

HOW DO I BENEFIT

As well as the innovative online system that My Umbrella offer we can provide you with a way of ensuring you are maximising the amount of take home pay you receive by offsetting your legitimate business expenses that you incur. You must ensure that these expenses are wholly, exclusively and necessarily incurred in the performance of your duties.

Apart from the financial benefits of working with My Umbrella here are some more reasons why you should consider speaking with one of our friendly & professional support team

- Innovative online support system
- Fully compliant PAYE solution
- No joining, Leaving or early terminations fees
- Access to reduced BUPA costs
- Access to a pension
- Statutory benefits
- Text message when your paid

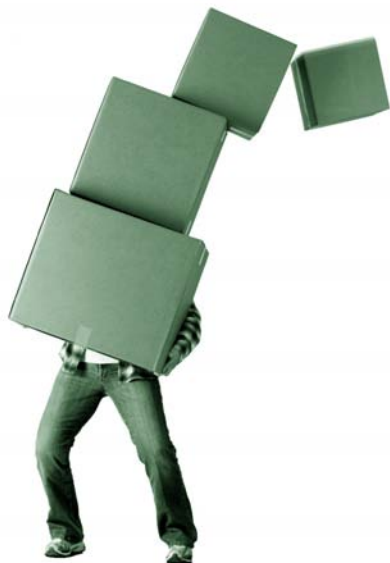

ACCIDENTS CAN HAPPEN...

...**B**ut don't worry, if you have an accident at work you will be covered by My Umbrella's comprehensive insurance policy. We offer up to £12.5 Million in insurance cover to make sure you can work with the knowledge you are covered.

My Umbrella offers £10 Million of Employers Liability insurance and £2.5 Million of Public Liability insurance.

For more details contact our support team and asked how My Umbrella can help you in your contracting career.

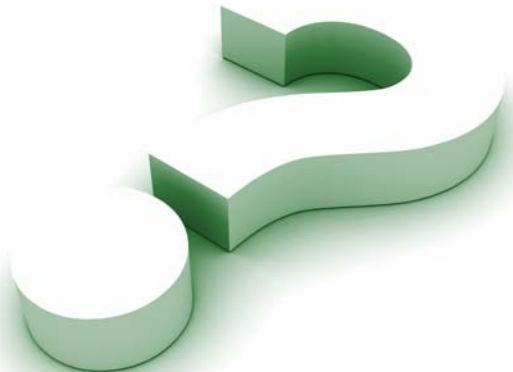

WHY USE MY-UMBRELLA

My Umbrella is a tax efficient company that allows temporary site based workers to ensure the rewards set out by government legislation can be most effectively used. The service My Umbrella offers allows contractors to off-set their legitimate business expenses against income tax.

My Umbrella is here to take the stress out of getting paid whilst you are contracting. We offer a holistic approach to payroll to ensure that we can continue to meet our own high standards and ensure you as the contractor get paid on time, every time.

Combining our innovative online system coupled with our skilled customer service team with over 30 years payroll experience you will see why we are the fastest growing payroll agency in the UK.
